TROYIAN

"Nothing great was ever achieved without enthusiasm." This quotation has been Park Hill's motto this year—a year of great strides—for we have come closer than ever to the high ideals for which our school stands. You, the students, have displayed a genuine interest in the way your school has been governed. Your receptive attitude toward new ideas and your cooperation with faculty and administration have been proof of a new maturity, not only in you, but also in Park Hill. Participation has been the vital element of the success of this year; and pride has been apparent everywhere—in the classrooms, the halls, and on the playing fields. Apathy was the locked door, but enthusiasm has proven to be the key.

It is to this spirit of enthusiasm that we dedicate the *1967-68 Troyian.* It is our sincere hope that this new spirit will become a tradition at Park Hill.

The Troyian Staff

To the Seniors of '68, I extend congratulations for your achievement and commend you for the fine leadership you have provided at Park Hill Senior High this past year. It has been a year in which you have initiated and carried out many student-centered activities and projects that have brought a new spirit of cooperation and enthusiasm to our student body.

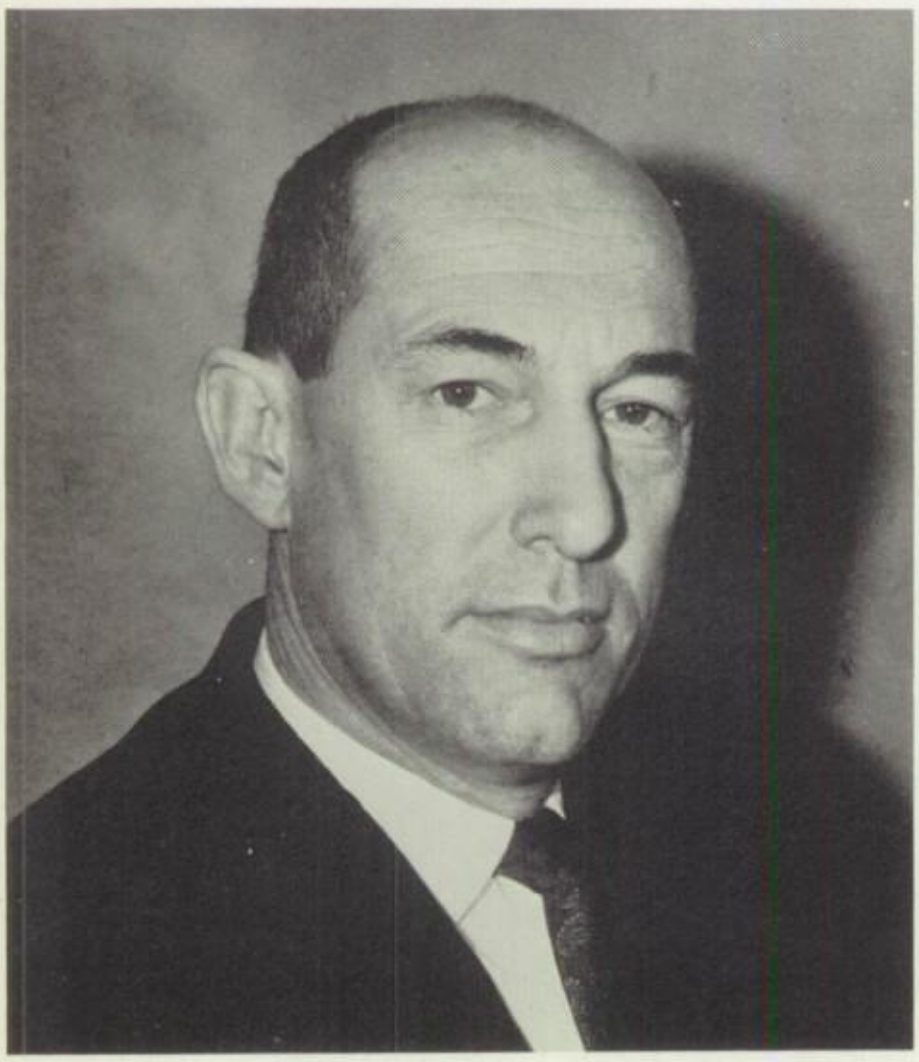
By your splendid example, you have laid the groundwork for further development of student leadership in our school.

I also wish to commend all members of the student body for their cooperation in their intellectual venture at Park Hill, and urge each student to complete his education so that he will be better qualified to live and work in the complex society of the future.

I am encouraged by the greatly increased interest in education throughout the country, a concerned interest that needs to be extended and magnified for, education, as never before, is basic to our national security and the general welfare of mankind.

My best wishes follow you as you move on to higher goals.

Russell G. Jones



James J. Harmon
Assistant-Superintendent

In today's world, one often hears that the key to survival lies in the moral and spiritual values of its people. One also hears that the world is doomed because of a complete breakdown in the value system of its people—particularly its young people. However, as I observe and talk with the youth of today, it is my observation that their value system in a moral sense is stronger than that of former generations. This is particularly true in the area of concern for one's fellow man—and it is in this area that morality has practical, real implications. In this respect, I have the utmost confidence in those of you who represent the future. May you always have the best of luck, and I would encourage you to continue the development of a value system that is oriented toward real concern for your fellow man.

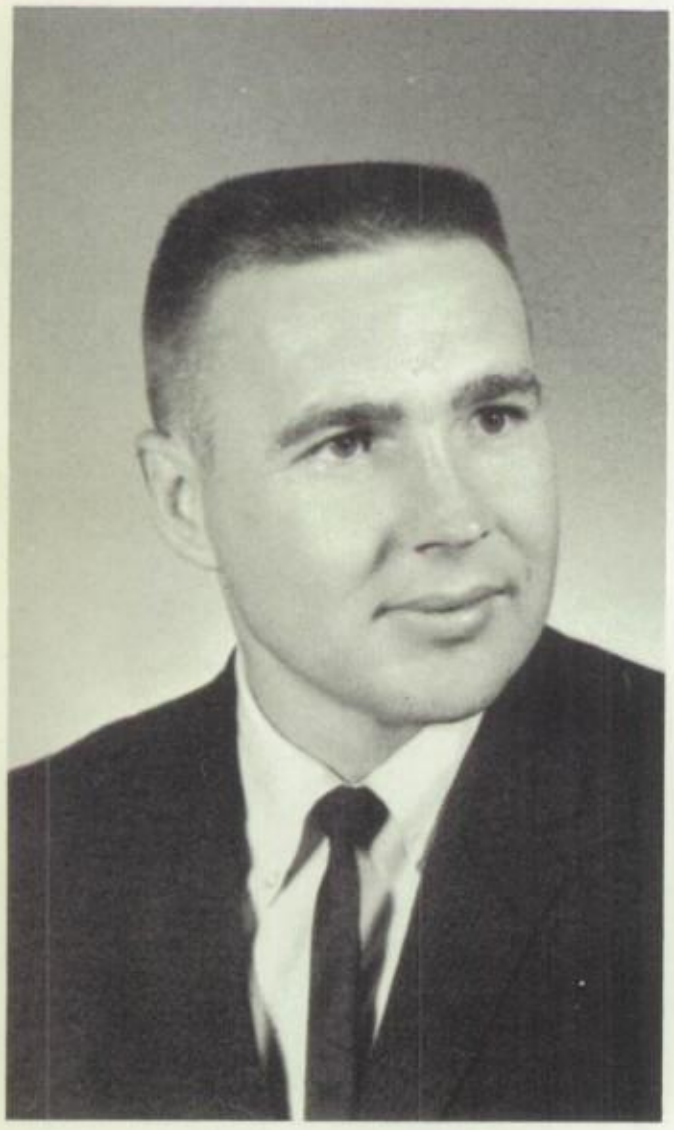
My congratulations and best wishes to the Class of 1968. You have passed through a phase of your life that holds fond memories for most of you and now you have been launched further on a continuing journey through life. We hope for you that a goal has been set, so that you have a direction. The opportunity to pick up the tools you need to move toward this goal has been provided. If you have taken advantage of the opportunities you have the means of solving the problems life will hold for you. So as you leave the life of high school behind, you commence a new life. Then, life will hold no challenge that cannot be met and you will know a life of dignity and meaning not measured alone in material gain but in service, satisfaction and peace of mind.

Oscar F. Mussman
Principal



Benjamin Gieringer
Vice-Principal

Congratulations to the young men and women of the 1967-68 Graduation Class.

You have developed abilities and learned skills during your years at Park Hill, and now are ready for the opportunity to use them in setting the direction of your life. Thus, the real test of your education begins.

The extent of your success will be determined largely by how well you define your purpose, concentrate your efforts toward your goals, and persist in your efforts to achieve them. Studies of the lives of great men reveal that these were the major sources of their success.

Whatever your endeavors, my best wishes for your happiness and success go with you.

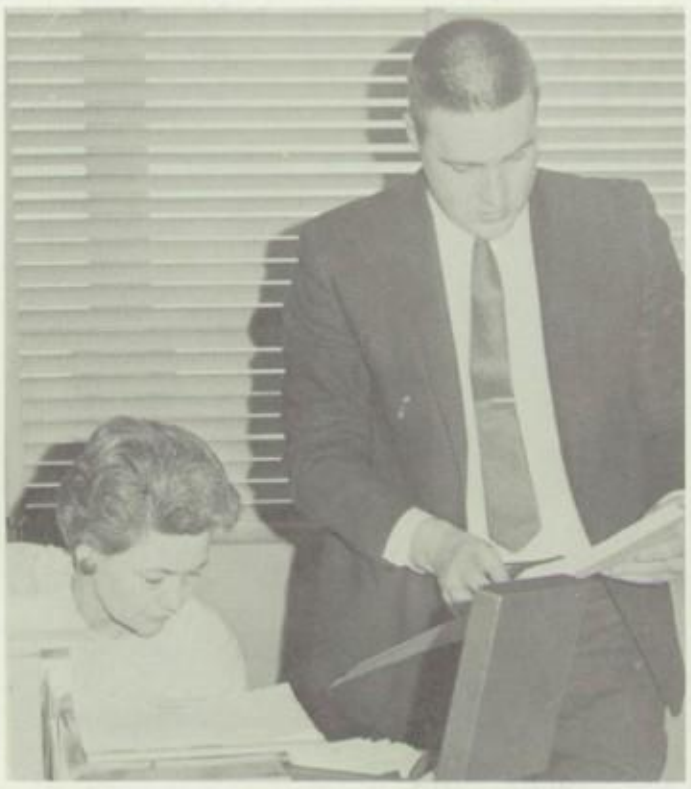
Okay, what's your excuse this time?



Mrs. Betty Peterson, office secretary, and Mr. Ben Gieringer, vice-principal; discuss all those problem kids.

That was the lousiest cup of coffee I ever had.

Are *you* WHB's secret agent 710?

What do you mean, this is a hold-up?

Mrs. Martha Fraser, library clerk, provides able assistance to Mrs. Platt, librarian.

I really don't find that very amusing.

Yes, that's right, cat. C-A-T.

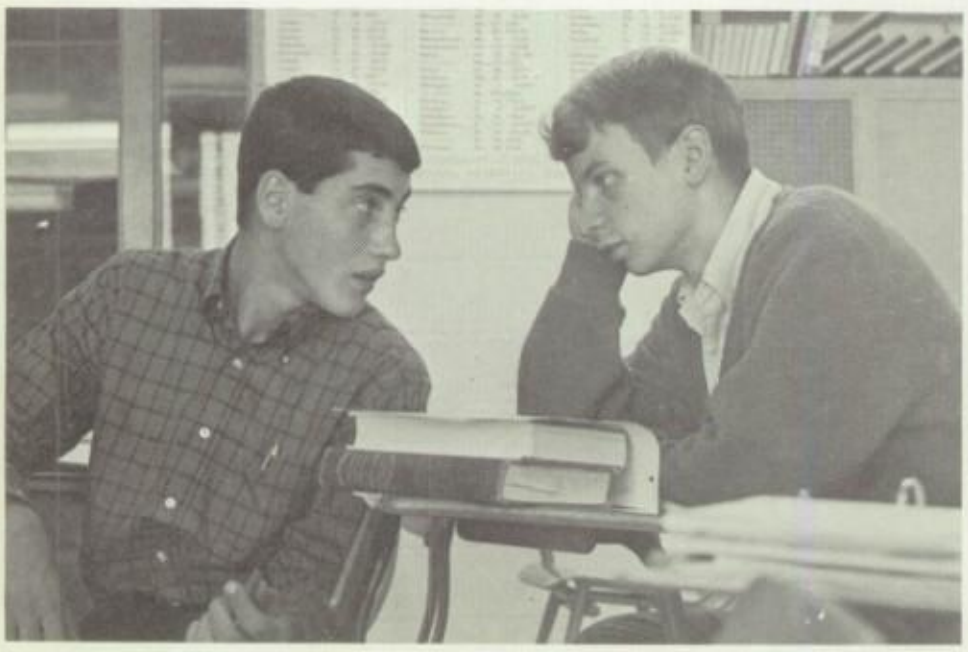
Hurray for . . . uh . . . uh . . . uh . . .

Gee, this stuff is almost as good as what we had Saturday night.



Did you hear the one about the Polack who . . . ?

Senior girls always eat well-balanced meals.

Welcome to The Hour of Inspiration.

Hey, aren't those somebody's football pants lying out there on the 50 yard line?

Χαίρετε από 'Ελλάς:
Γειά σου!

As Park Hill's AFS "Americans Abroad" candidate, I spent last summer living with Mauvikios' family in Thessaloniki, a northern Grecian city. For fifty-six days, I lived with this family, eating what they ate, doing what they did, in general, and attempting to learn their language. But an AFS student's experiences goes far beyond the mechanics of living within a foreign society. With familiarity comes understanding, and the longer I stayed, the greater my understanding, respect, and love for the Greek people grew.

I would like to thank the American Field Service, the students of Park Hill, and all the members of the community for their support that made my trip to Greece possible. My only regret is that more students cannot participate in the program, for only with an ever-increasing number of participants, can the ultimate goal of the American Field Service be reached. That is to "Walk together, talk together all ye peoples of the Earth, for then, and only then shall ye have peace."

Sincerely,

Carl M. Rogers

Recuerdes del Ecuador

Hola Troyianos,

I want to say many things but this moment as I think of leaving, I feel terrible. The words, "Thank you" cannot begin to tell how I feel. The experiences and knowledge that you at Park Hill gave me is a light to my mind and a step toward the ideal. Park Hill is a great name to me because you gave me the best welcome for an Exchange Student. It is the place where I learn many things for the future. Everyone has been so nice and helpful to me, I can never forget.

In the depths of my soul I will always carry the love and understanding that my family and all of you at Park Hill have given to me.

I have to say good-bye but it is not forever. Please remember your Latin American friend in Equador.

Adios,

Liliana Landivar Lara

It's fantastic!

American History, blah!

TÜRKİYE DEN SEVGİLERLE

MERHABA,

It is very good to be a foreign exchange student so that you can understand the different ideas, thinkings, and customs of a country unlike one's own. One year is a short period of time for these but I hope I will learn as much as I can.

I am very glad to be in the United States and in your school--now also my school--at Park Hill. The people I have met are kind and generous. The friends I have made during the year at Park Hill have added to my enjoyment in the United States.

To me, the days seem to be passing real fast and it is making me sad to think I must leave this country and school. This is the way it goes, none can stop it. I hope I'll see you again sometime in the future. Come and visit me whenever you want to.

Thank you very much to the teachers and others for helping me. Thank you very much for sharing this year with me at Park Hill.

With my best wishes to all of you,

Mehmet Cakin

These students work for many hours to perfect cheers and routines. They participate in clinics, and in general, help Park Hill to become enthusiastic and spirited.

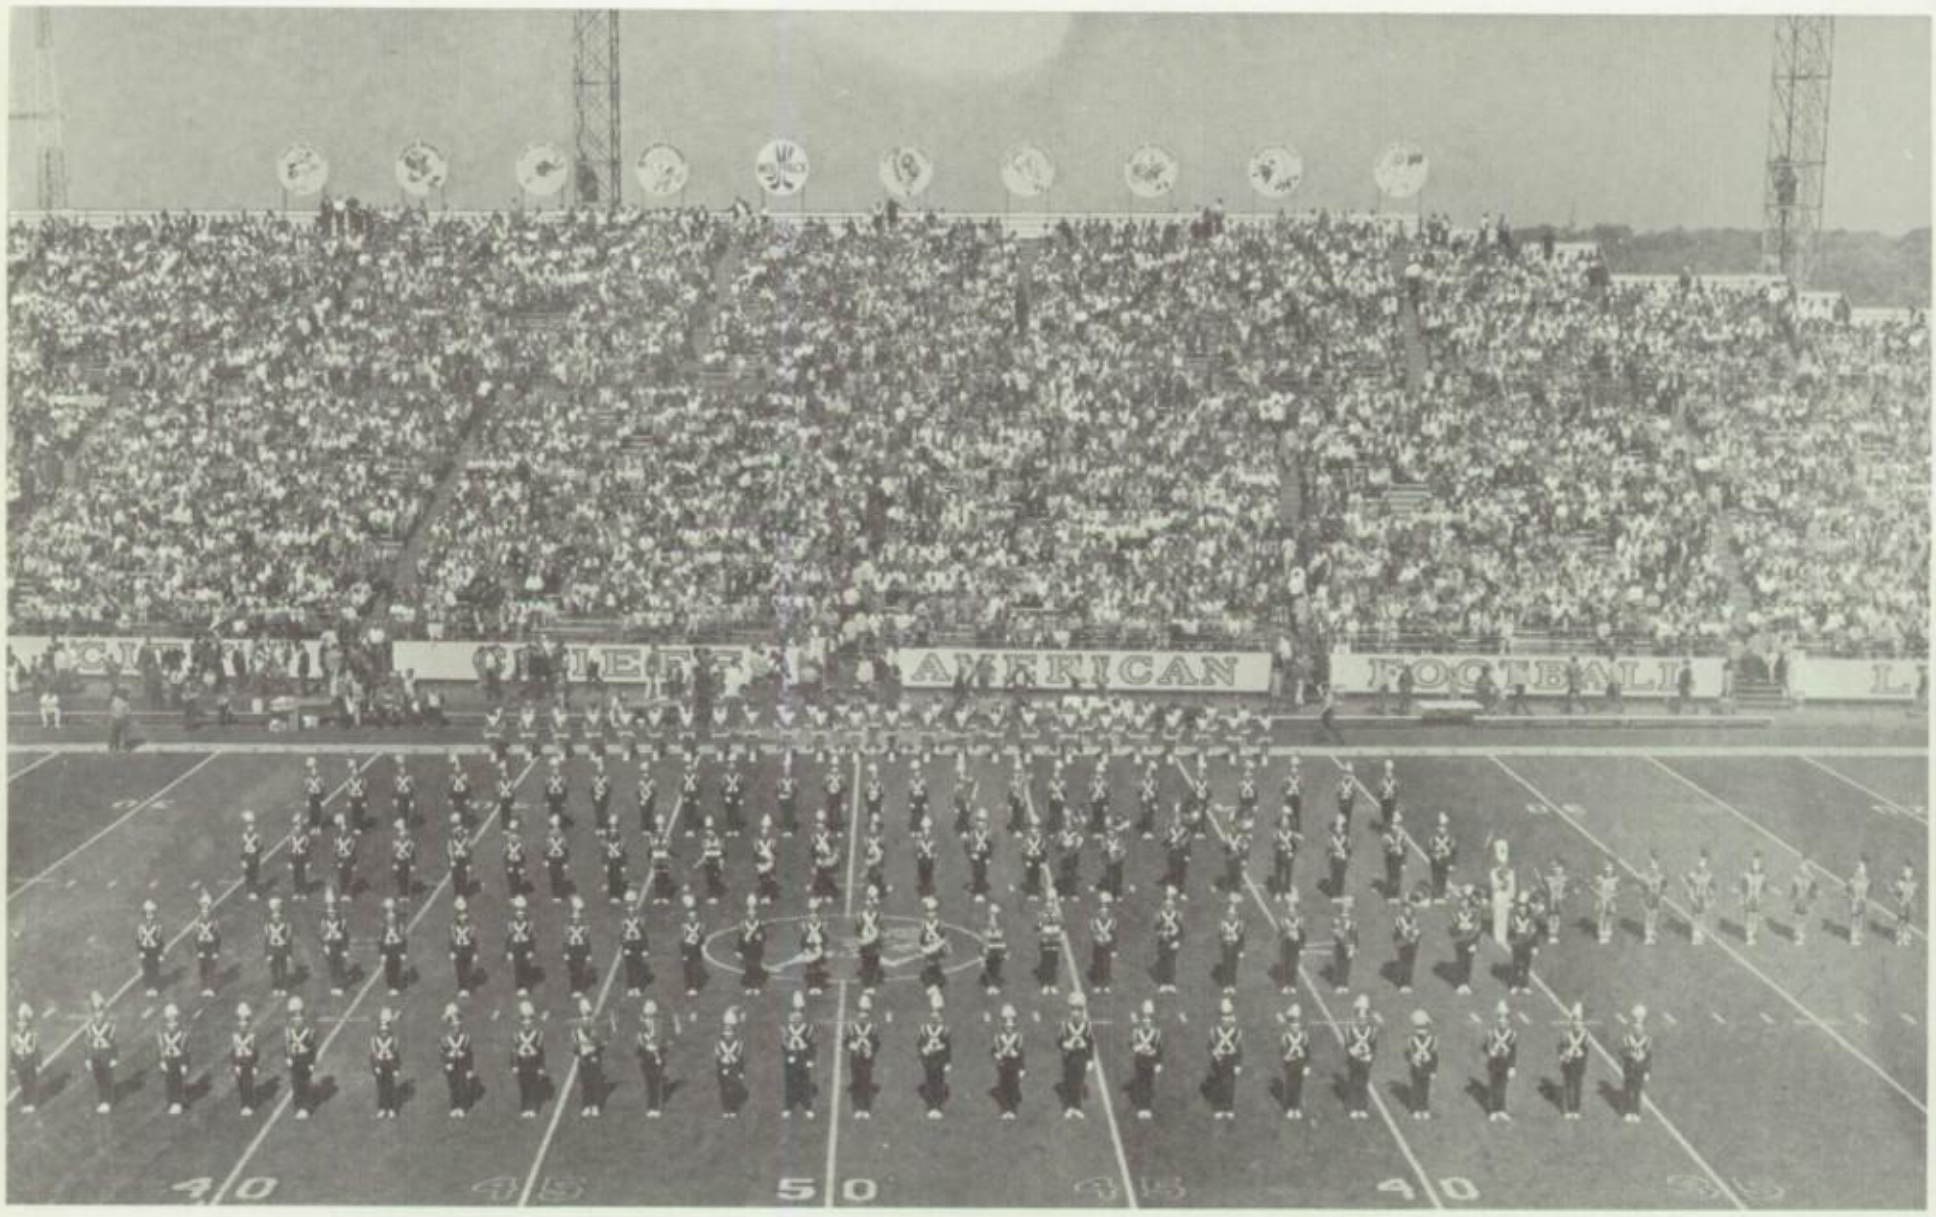
SYMPHONIC BAND

MARCHING BAND



The Park Hill Senior High Trojan Marching Band performs during half time at the Kansas City Chiefs-Houston Oilers game.

CONCERT BAND

Mr. William Mack

Mr. Herman Rekittke

"Perfection and precision." These words perhaps best describe the Park Hill marching band. In striking red and black uniforms, this organization marches during half time at all home football games, providing spectacular performances that have no equal in northwest Missouri. In the past, the band has won trophies in both parade and field marching. This year, it marched during half time at home game of the Kansas City Chiefs.

The Park Hill Symphonic and Concert bands consistently give outstanding performances for the community. This year they also played for the Missouri Music Educators Association Convention in Columbia, Missouri. At contest in Maryville, the band earns the highest possible ratings and standing ovations from the judges. Contest soloists and ensembles are drawn from these groups.

The Park Hill bands have worked hard to achieve a high degree of perfection, and have deservedly won a wide reputation of excellence.

OUR BANDS

Whad'ya mean, an "M sharp?"

AND IN ACTION

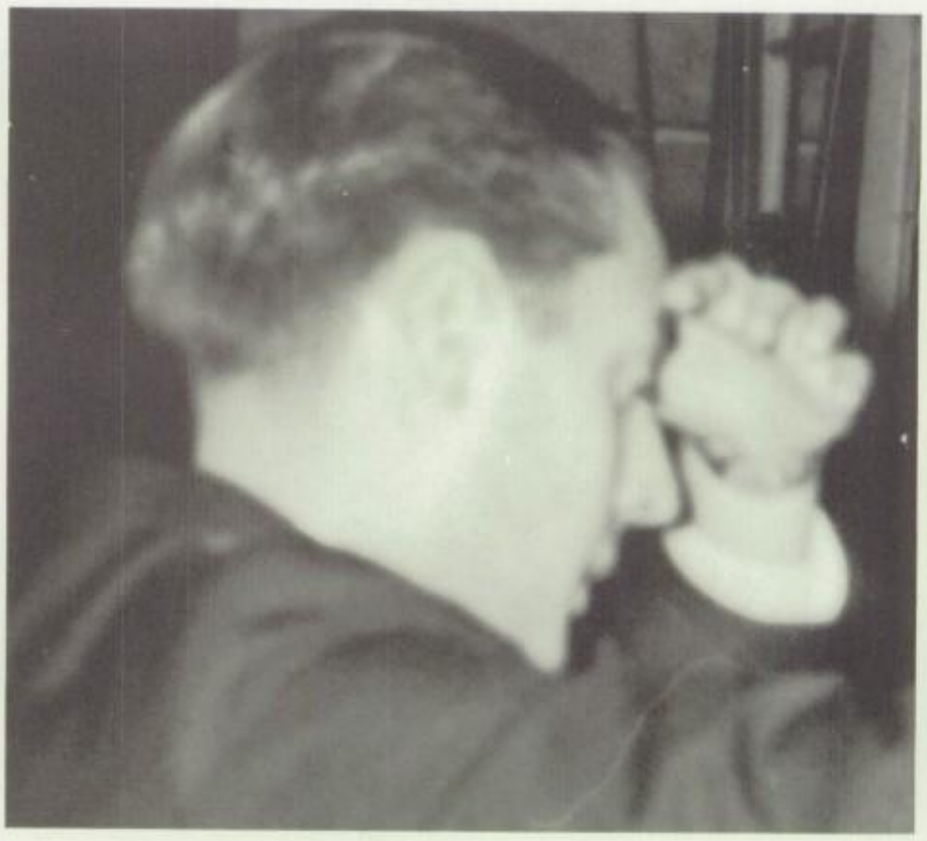
You on the clarinets--try blowing through the *other* end!

Hey, you with the feathers. You're goin' the wrong way.

BACK STAGE

As always, the band members are alert and attentive.

Gee, I wonder what would happen if I just sorta signed my name to this?



These concerts are *so* much fun!

CATEGORIES

The Categories team competed against Ft. Osage for the WDAF-TV Categories game. Three sections of questions were fired at the students. After a close game, the final score was 21-20 in favor of Ft. Osage.

JOURNALISM

Don't look now, Mary, but there's someone behind you!

Whad'ya mean, I misspelled "dog"?

EXTRACURRICULAR

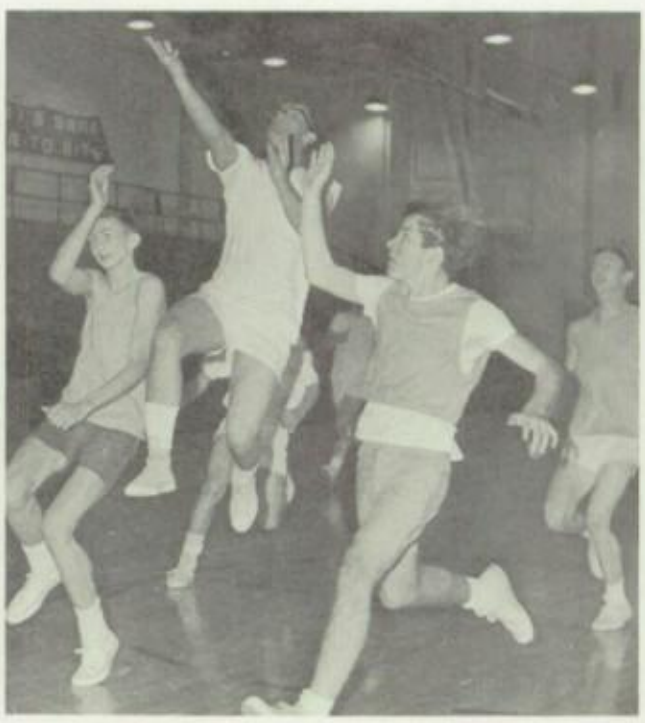
Oh! darn! My ice cream just fell off the stick!

Solid ground has its merits.

What do you mean, we're out of masking tape?

Better be careful or we'll capture one of your ships!

Our boy cheerleaders get carried away playing leapfrog.



Hey, a little dab'll do ya!

AT LARGE

Gee, Chickenman just made a basket!

Actually, we're cutting out with all this money as soon as the game is over!

I personally have my doubts.

Why don't they invent a peppermint-flavored mouthpiece?

And the entire Soviet Union was just wiped out.

I grew almost a whole foot last year.

DEPARTMENTS

LANGUAGE ARTS

Hey, you, quit climbing out that window!

Yes, I got this beautiful sweater in Timbucktu.

. . . or I shall beat you, children.

Mrs. Silverman is famous for her glassy-eyed stare.

No, you can't use my blue pass!

FOREIGN LANGUAGES

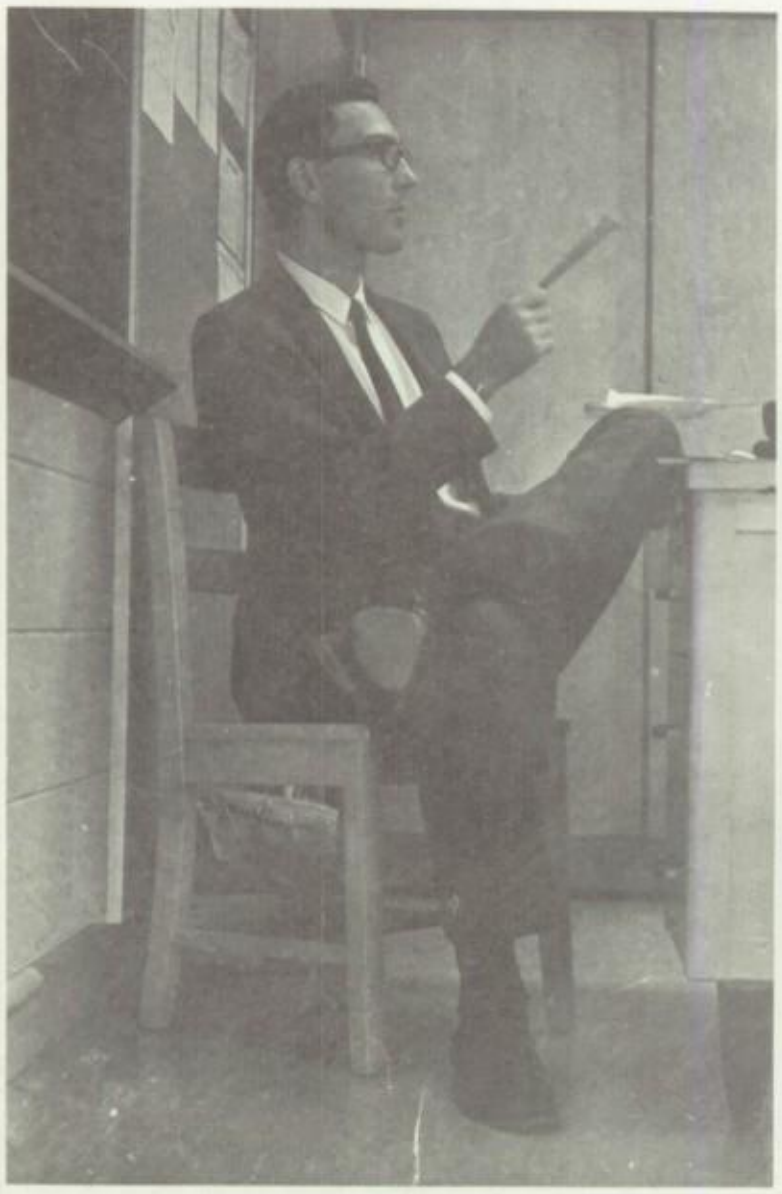
I wonder if I should teach Spanish or English next year?

Next time I'll tell them to find the answer themselves.

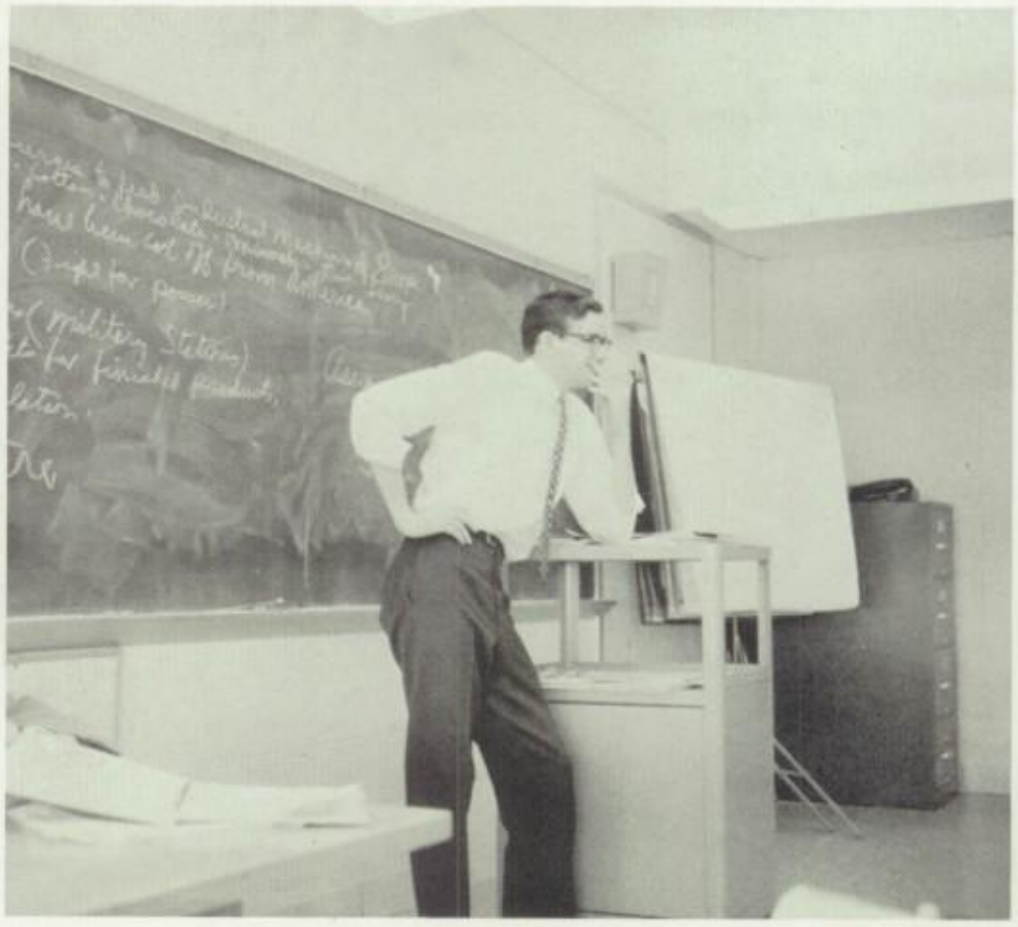
No, Hannibal did *not* take his elephants across the *ocean.*

Ha! Ha! Ya'll flunked!

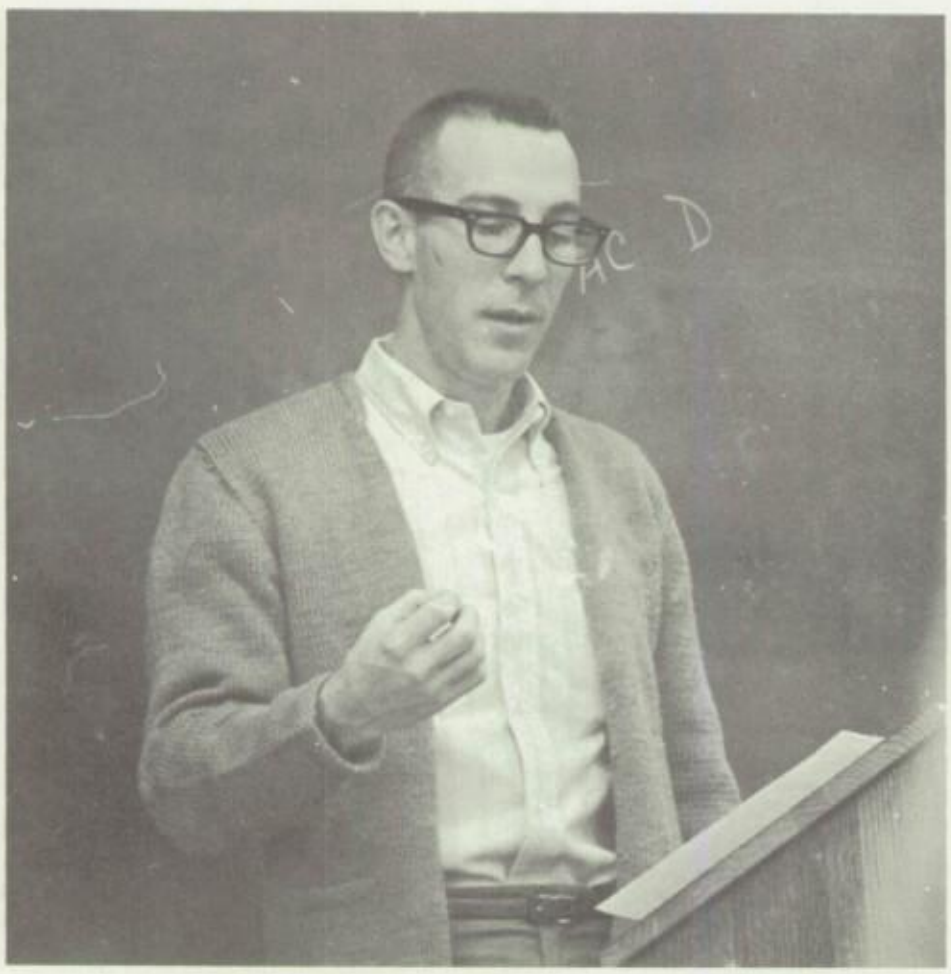
SOCIAL



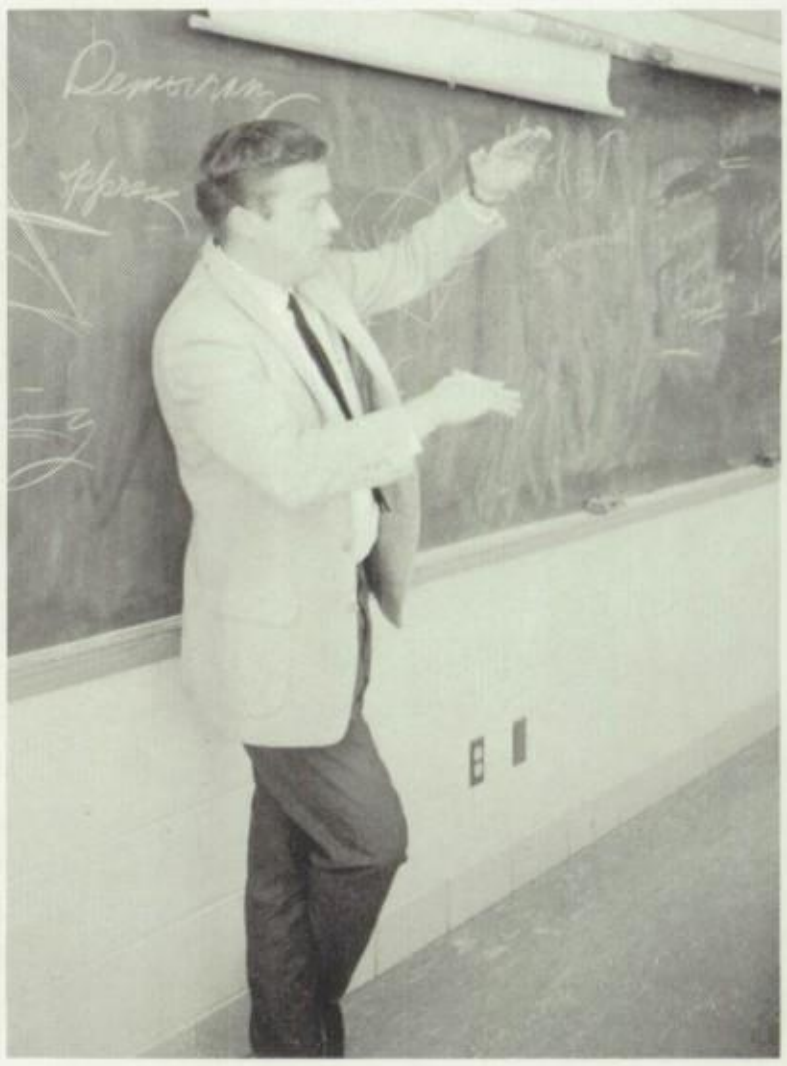
Okay, who stole the Prom money?



Hmmm . . . let me think of an answer for that one.



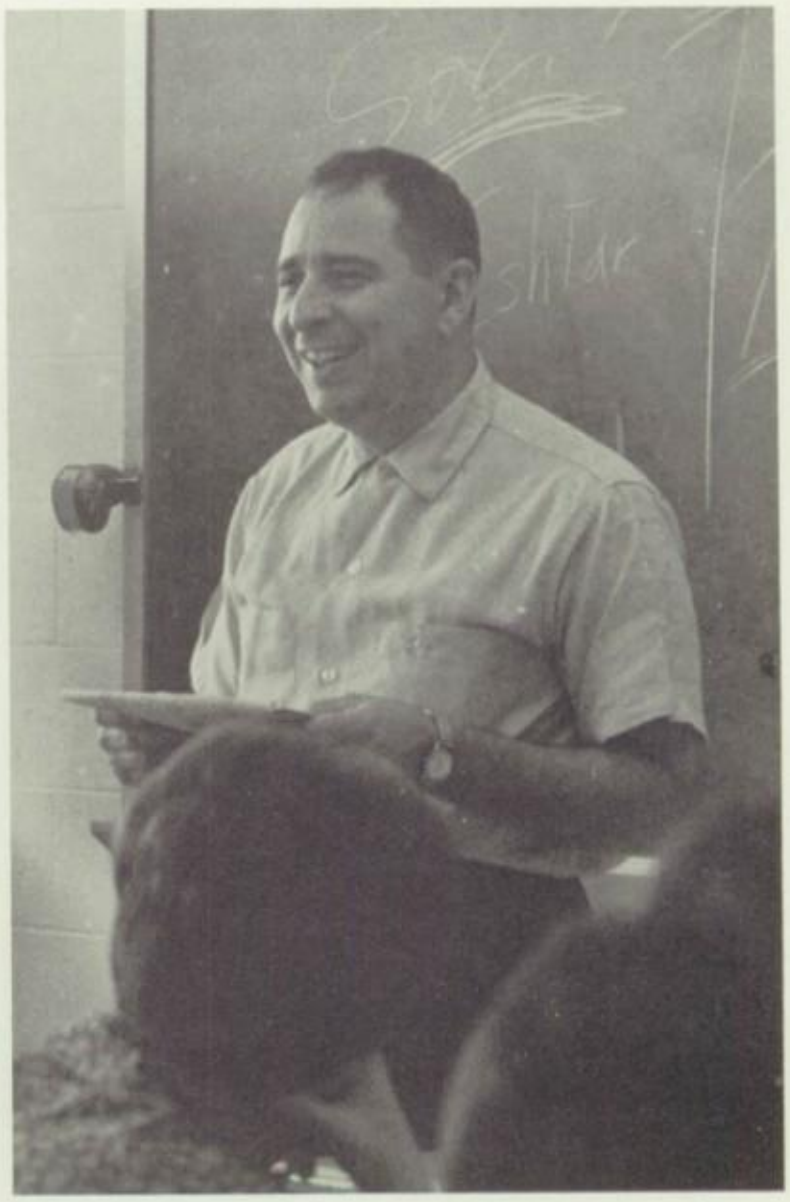
One-way streets are a Communist-inspired confusion plot.



Then we reduce Russia to about this size and step on it.

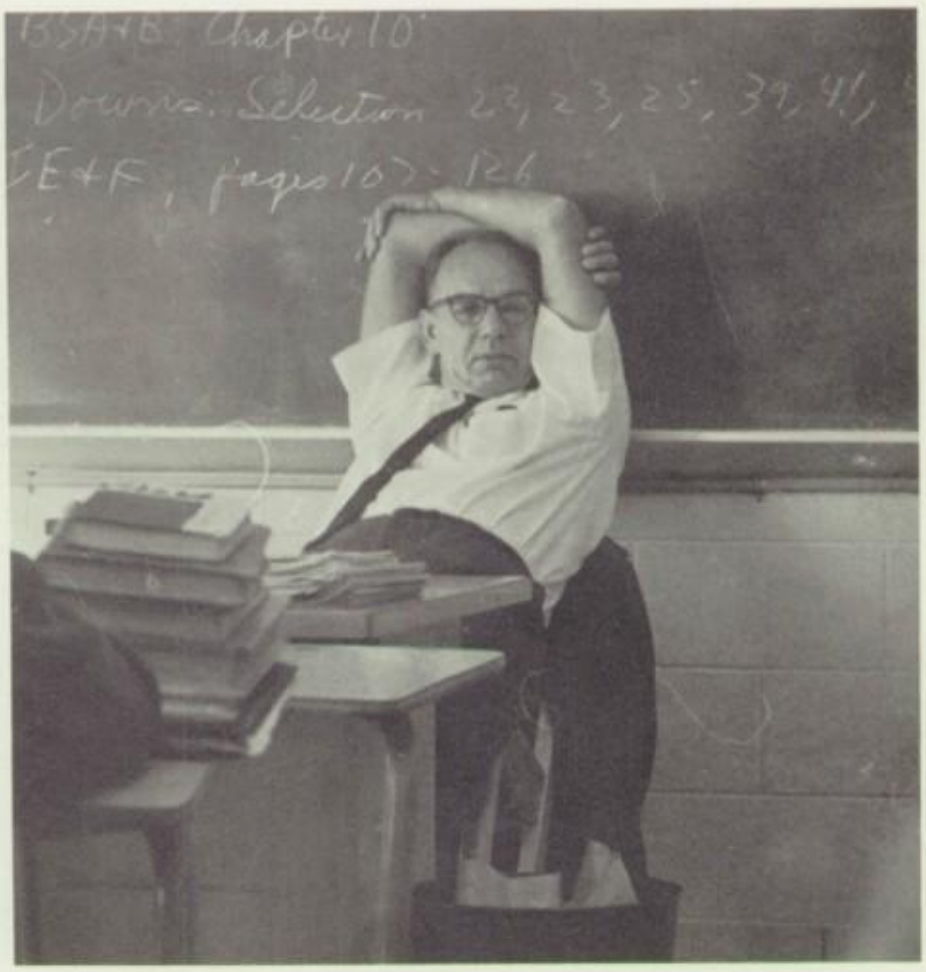
STUDIES

"Cheerios have *Go* power."



"And for lunch on our field trip, we're going to Antonio's Pizzaria!"

"Yes, I have to sit at my desk all day, because teachers aren't supposed to wear mini-skirts."



"Ok, which one of you guys put the Ban on my desk?"

Hey, this is sure a nifty cheat sheet.

MATH

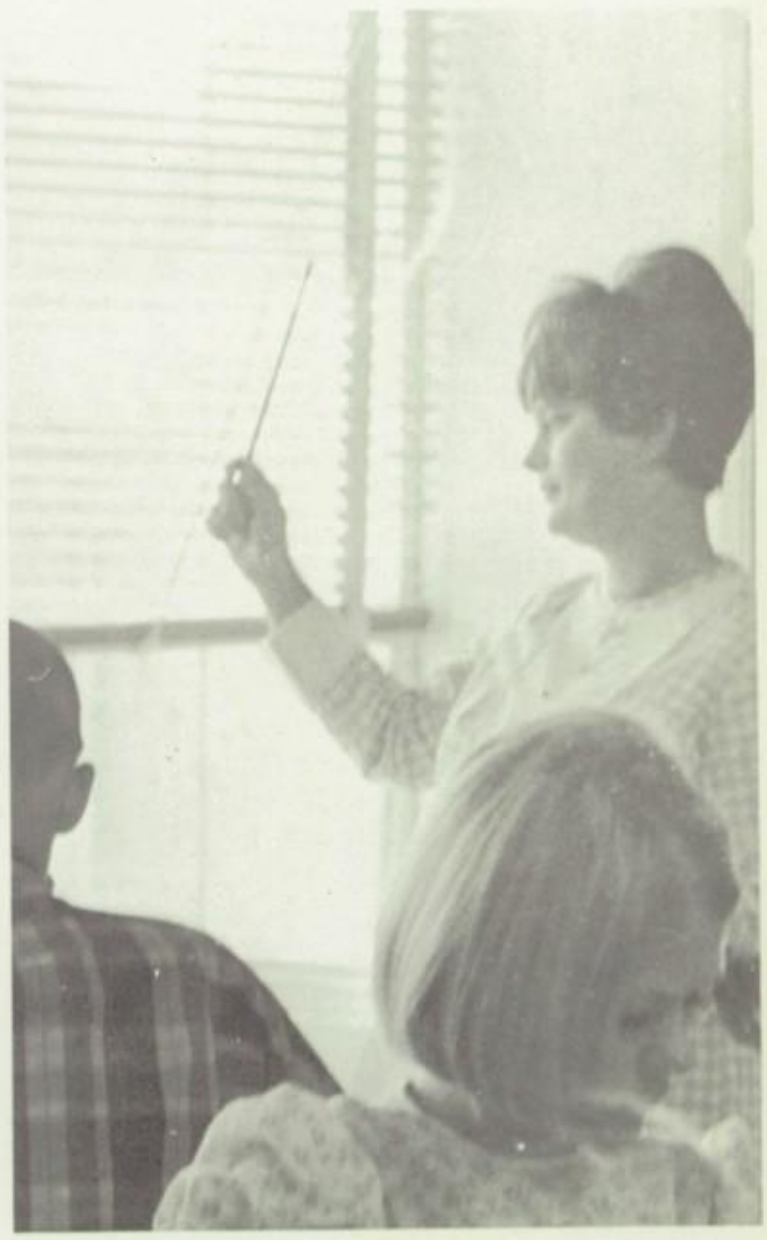
Park Hill's number one teeny-bopper.

Okay, who swiped my Playboy?

Say, bartender, this is the wrong kind of screwdriver.

SCIENCE

I wonder if these really are gursyenthdutren cells?



. . . and I am your fairy godmother.

FINE ARTS

This is the fourth one I've gotten from him this week!

What was that about the nude model?

This original composition ought to really make their hair stand on end!

Row, row, row, your boat . . .

I wonder how a finger painting done in coffee would look?

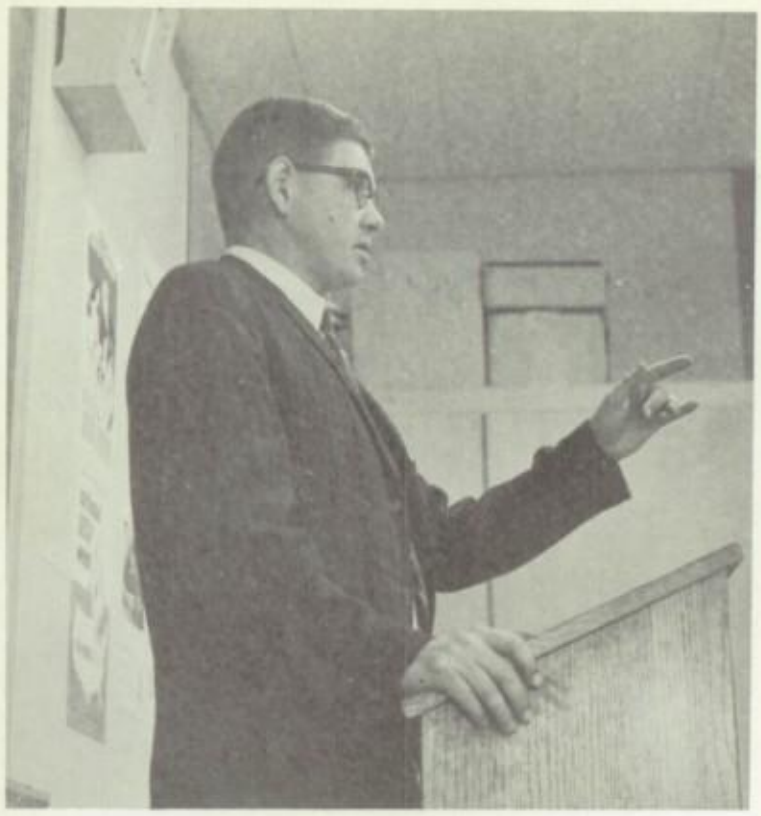
Okay, put the tonette away.

Two hamburgers and an order of fries.

PHYSICAL EDUCATION

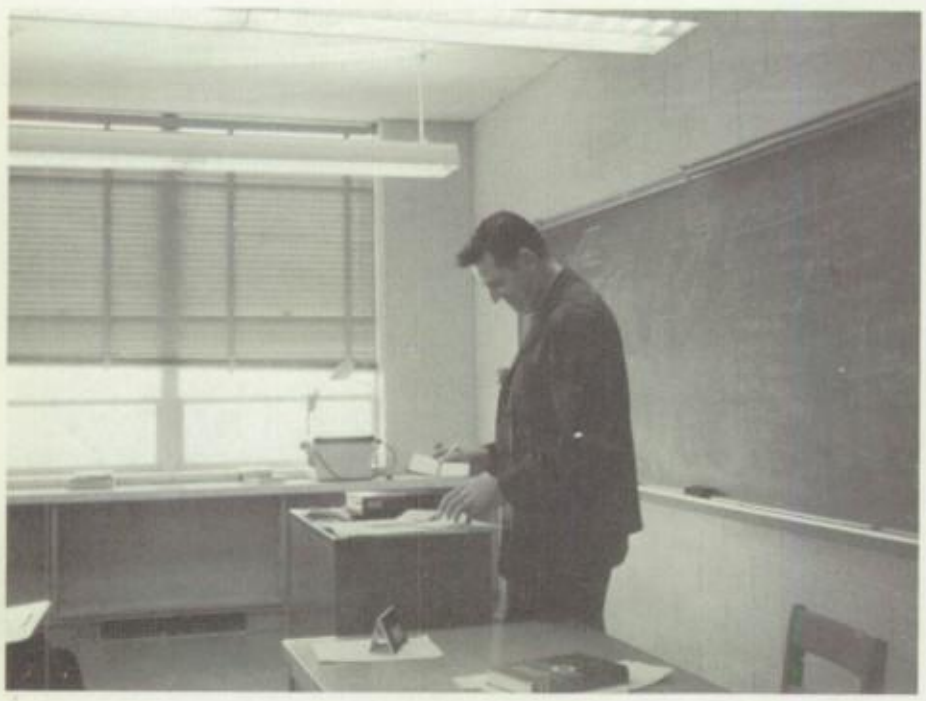
You never cease to amaze me in showing me what you cannot do.

Did you say you polished your gym shoes last night?



How much am I bid for a white pass?

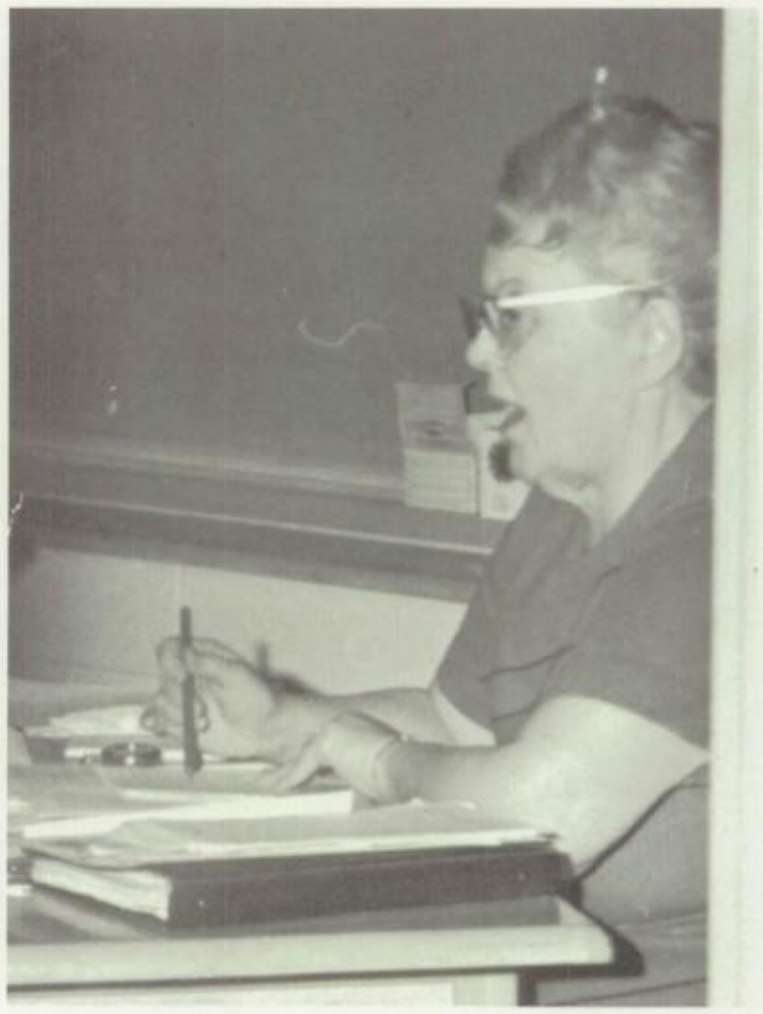
You owe me a buck and a half for your semester grade.



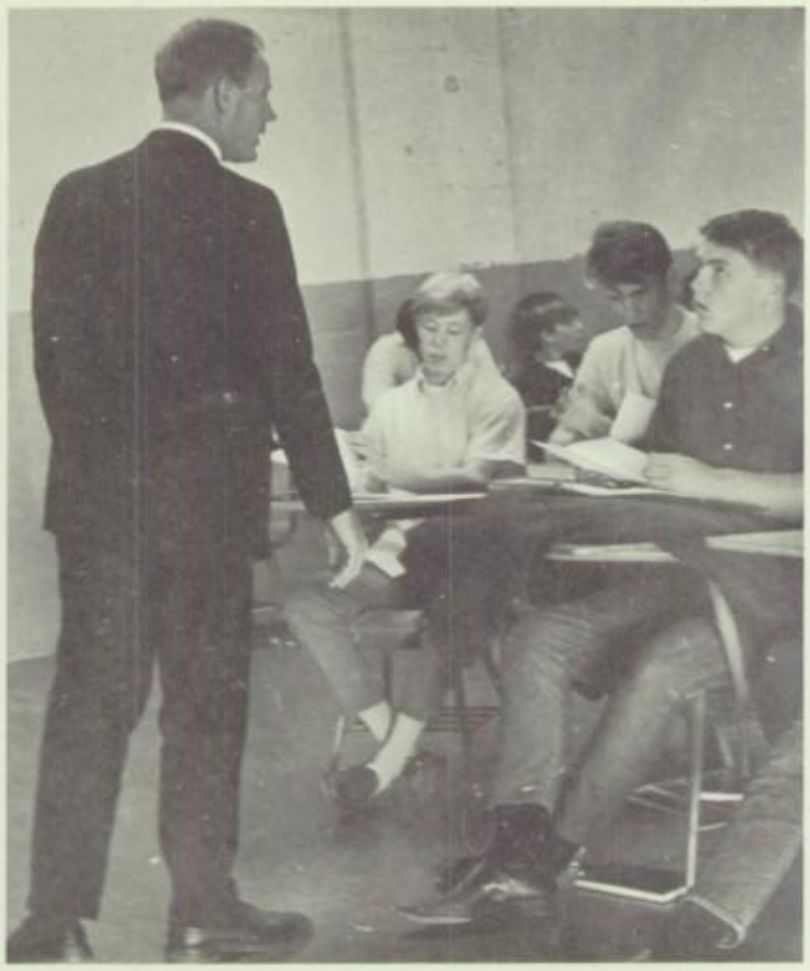
. . . and the F's outnumber the E's ten to one.

Mrs. Houx, this is a petition to keep the windows closed during the winter.

PRACTICAL



Another quality of a good secretary is . . .



. . . and I don't want anything written in crayon.

Do you want to step over here and say that again?

Now let's see . . . the crankshaft's connected to the oilpan, and the oilpan's connected to the . . .

ARTS

. . . and then he picked up a ten-key and threw it out the window.

Okay, who swiped the hands off my stopwatch?

K. Asbury--Coach

BASKETBALL

Mr. Basketball
John LeBow

This year's basketball season was a very rewarding experience for me. As a first year head coach in the sport, I was pleased to have had a group of fine athletes to work with. I would like to express my appreciation for the experiences that I shared with these boys, and for the very able assistance of Coach Randall Malone. To the seniors, who will be truly missed, and to the underclassmen, who will be returning, the best of luck in the future.
